

In Review: The Wheat Harvest

Written by Ray Dickinson
For the church of Philadelphia on April 7, 2022

Dear brethren,

In recent posts, we presented a heavenly solution for the grape harvest in the last verses of Chapter 14 of Revelation. While we understand the wheat harvest as having transpired in the time of comet NEOWISE and concluded with the sealing of the 144,000 on May 19, 2021, we used a different, and better, principle of interpretation for the grape harvest than we did for the wheat harvest. Therefore, to be consistent, we wanted to see if we could understand the wheat harvest using the same principles of interpretation as we recognized now. This would give us a consistent method of interpretation.

To begin with, let's review what we see in the grape harvest, and then we will go back to the wheat (or simply grain) harvest to apply it then.

1. The angel with a sickle is a constellation (Aries) with the moon (on March 7).
2. The calling angel is a comet (22P/Kopff).
3. The comet angel flies near the fruit to inspect it (flying with Venus and Mars, approaching Saturn).
4. The moon (sickle) is thrust in to the location of the fruit (Capricornus, where the grapes are at).

Now let's revisit comet NEOWISE in 2020 and see if it meets these improved criteria.

The harvest passage starts at Verse 14 with the first character with a sickle:

And I looked, and behold a white cloud, and upon the cloud one sat like unto the Son of man, having on his head a golden crown, and in his hand a sharp sickle. (Revelation 14:14)

This refers clearly to the constellation of Orion, who sits on the "white cloud" of the Orion nebula and has on his head a golden crown: Auriga. We understood this symbolism very early on in our journey of understanding of the heavenly signs.

From Signs and Wonders in Heaven:

Fomalhaut

And I looked, and behold a white cloud, and upon the cloud one sat like unto the Son of man, having on his head a golden crown, and in his hand a sharp sickle. (Revelation 14:14)

The moon (the harvest "sickle") is in the hand of Orion, who sits on the "white cloud" (the Orion nebula). The "golden crown" (Auriga with Capella, the golden star) is above Orion's head. (Video)

Other Heavenly Events Related to the Second Trumpet

- The image (reflection of the fish in Pisces) of marriage between a man (Aquarius) and a woman (Venus, in Pisces), is under attack (represented by Mars, the war planet). See image above. Read more in [The Second Trumpet](#), [Signposts to Eden](#), [The Mark of the Beast](#), and [The Age of Aquarius](#).

Earthly Events Related to the Second Trumpet

- March 6, 2017 – North Korea (represented by its "great mountain burning with fire", the supervolcano, Paektusan) launches four missiles into the Sea of Japan in a notable act of provocation. Read more in [The Second Trumpet](#) and [Signposts to Eden](#).
- March 6, 2017 – The White House gave a lengthy [statement to the press](#) to the intent that it intends to go forward with the trade war. This theme is developed in [The Stench of the First Plague, Part I](#).
- April 20, 27, 2017 – Trump initiates the process that would develop into one of the three trade battles in which tariffs have ultimately been imposed, representing "the third part of the ships" (trade) to suffer destruction.
- June 7, 2017 – Germany's third-largest shipping firm files for insolvency, as "the third part of the ships were destroyed" (the Greek word translated "destroyed")

However, the highlighting of the golden crown serves another purpose. Orion always has the golden crown of Auriga on its head, but to emphasize the relevance of the crown of Auriga at that specific time, there was another crown that indicated when to look for the imagery of the prophecy. Around the time that comet C/2020 F3 (NEOWISE) came into the press, there was an annular solar eclipse on June 21, 2020, which also formed a crown over Orion and thus highlighted the role of Auriga. **At that time, Comet NEOWISE was in Orion, heading up toward the golden crown of Auriga.**

The next time the moon comes around, it should serve as the sickle of the prophecy, in Orion’s hand. Thus, on July 18 when the moon returns, the first point is met, where the one like the Son of man is Orion with the moon sickle in his hand on July 18, 2020. NEOWISE is the comet that calls to Orion, but in order to follow the pattern established with the grape harvest, we should see it flying near a symbol representing the grain harvest. The path of NEOWISE takes it up through Auriga before swinging into the uninteresting constellations of the lynx, bear and Berenice’s hair. Where is the desired symbol?

Recall the sign of the woman, and what she represented. She illustrated God’s church, standing on the moon of Judaism, and she had a crown on her head representing the last and most developed Protestant church before its apostasy, the Seventh-day Adventist Church. This brings to mind the role of the 144,000 as first fruits unto God and to the Lamb. These are represented in the crown of Orion which NEOWISE visits first!

Nevertheless, the angel does not immediately cry out to Orion to begin the harvest. We had recognized the beginning of the harvest on the Orion clock at the throne lines of September 3-6, 2020. At that time, NEOWISE comes back to a significant ecliptic constellation: Virgo—while the sun is activating *her* crown!

Thus, the whole period during which the comet NEOWISE was visible and prominent in the news was a time of inspection of the crown—the 144,000 first fruits represented by the spike of grain in the left hand of Virgo (i.e., the star “Spica”). It is at this point that the angel makes the call to Orion to thrust in his sickle.

And another angel came out of the temple, crying with a loud voice to him that sat on the cloud, Thrust in thy sickle, and reap: for the time is come for thee to reap; for the harvest of the earth is ripe. (Revelation 14:15)

Now, we apply point 4 and note when the harvest began:

Just after the feast of Trumpets, the moon reached the harvest point as a young crescent where the comet previously stood.

And he that sat on the cloud thrust in his sickle on the earth; and the earth was reaped. (Revelation 14:16)

As shown, the grain harvest of the first fruits can indeed be seen to follow the same principles that have now been uncovered in the grape harvest. This indicates that the method of interpretation is consistent for the harvest overall and is thus fully valid!

We pray this little study has been a blessing to you to see how the biblical interpretation of the heavens is very logical and when certain tools are discovered, they may be useful in similar applications. Therefore, it is always important to review the things that have been understood, with a fresh perspective, based on all that God has revealed. In that way, we may understand God’s voice better, and be drawn closer to Him in the process. Never neglect to familiarize and personalize the things that God reveals to make them your own! God be with you always.
