

## Ready to Sail

Written by Robert Dickinson  
For the church of Philadelphia on April 28, 2022

Dear brothers and sisters,

**B**y the time of our worship at the close of the day on April 27, 2022, it was already apparent that no news had arrived that would indicate that a resurrection had taken place or that the end of the world had come in any form. Therefore, Brother John prayed a prayer in which he expressed that he had come to the end of his work, that he could not go further, and that the Lord would have to act on behalf of His people to save them.

It was a short service at the end of a very long day of last-minute studies, writing, and publication, but shortly after our meeting had ended and Brother John had returned to his house, he called us to come because, in talking with his wife Linda, he had found the solution to our dilemma.

Just to review briefly before going into the solution, according to our studies, the door of mercy for the world was finally closed on Wednesday, April 27, 2022. This was exactly 7 + 7 + 7 + 4 days after the “tav” sealing of Ezekiel 9 was finished on April 3, according to the blue-border warning and the related dream, [Justice and Mercy](#). We had dreams within our ministry being fulfilled with real-life experiences that confirmed the closing door.

God is very good to us to lead us according to His wisdom, and today we see even clearer how He has done that. On April 26 and 27, we experienced the fulfillment of Brother John’s dream about the escape from the shipping container, and we saw in the related posts how the **doors of mercy closed** for the world. This was 100% accurate. **Even the world powers themselves closed the door of probation on that day.** On Wednesday, April 27, 2022, Vladimir Putin spoke, primarily in response to Germany for its intention to send Gepard (“cheetah”) air defense tanks to Ukraine, giving the following [warning](#) :

If anyone ventures to intervene from the outside and [pose] unacceptable threats of a strategic nature to Russia, they should know that our counter-retaliatory strikes will take place **with lightning speed**. We have all the tools to do this. The kind that no one else can boast of right now. And we will not boast; **we will use them if necessary. I want everyone to know that. All the decisions have been made in this regard.**

By saying that the decisions have already been made, Putin was stating that the case was already decided; when Germany (or any other country) intervenes in the war, Putin’s response with the most sophisticated weapons he possesses is already decided. There is no more “grace” or “warning” or “shot across the bow” to be given. Hypersonic nuclear missiles and Satan II rockets are already on standby, waiting only for the West to make a move to signal their launch.

And in the face of this closed door of mercy, the intention to provide heavy arms to Ukraine was **officially voted** in Germany on Thursday, April 28, with 586 to 100 votes. Those who voted against the decision said that it was tantamount to a declaration of war and could make the country party to a nuclear war. But the decision was made, and it is now only a matter of how long it will be until these heavy weapons deliveries commence and draw Russian fire.

So, with the understanding that the door of mercy has closed as of April 27, 2022, it is only appropriate to apply the original type for the end of the world. When God destroyed the world by flood, He gave the rainbow as a sign of His covenant that the world would never be destroyed by flood again—but by fire, which corresponds to our time.

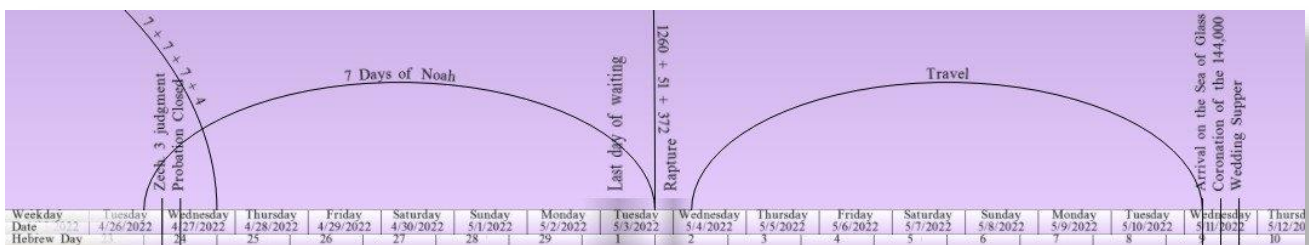

*And Noah went in, and his sons, and his wife, and his sons’ wives with him, into the ark, because of the waters of the flood.... And it came to pass after seven days, that the waters of the flood were upon the earth. (Genesis 7:7, 10)*

How much time remained once the door of the ark was closed until the rain fell? Seven days.

*And as it was in the days of Noe, so shall it be also in the days of the Son of man. (Luke 17:26)*

Just as Noah and his family went into the ark and were inside the ark for seven days before the rain came, so we lived through the close of probation on April 27 and can expect seven more days to pass before the figurative ark “mounts up” over the rising waters (or in the present case, we mount up to heaven in the expected rapture).

Here is a draft time-plan for reference purposes, which may or may not be refined in the coming days:

God leads us in ways we do not always understand at first, but in the way He has led us, we exactly fulfill the type of Noah waiting in the ark for seven days. For those outside the ark, they were days of mocking, and likewise we must endure the mocking of those who refused to enter the ark. But this should be of little concern now because we are busy preparing for the journey, as Noah and his family were.

If we had been raptured on April 27, 2022, we would have arrived after seven days on May 4 when the moon is in Orion’s hand. This sign was always nagging at us because it seemed to have more significance than we had been able to assign to it. We often considered whether it could be the rapture sign—fitting

as it is for the moon (here representing the sealed church) to be taken into the hand of our High Priest in fulfillment of the word of Jesus:

**And I give unto them eternal life; and they shall never perish, neither shall any man pluck them out of my hand. (John 10:28)**

Multiple other contexts such as the man in linen in Ezekiel 9-10 receiving the coals from the fire (after the partial solar eclipse of April 30) also fit. This could also fulfill the darkening of the sun and moon before the great and terrible day of the Lord, if it is not the result of another event at the same time.

Such a rapture date would also allow for the second grape cluster—represented by Mars—to be cast into the winepress as explained in [In Review: The Wheat Harvest](#), so that both Venus and Mars (representing the EU and the US/NATO) would be cast into the lake of fire together:

**And the beast was taken, and with him the false prophet that wrought miracles before him, with which he deceived them that had received the mark of the beast, and them that worshipped his image. These both were cast alive into a lake of fire burning with brimstone. (Revelation 19:20)**

And seven days after a May 4 rapture would allow for an arrival in the Orion Nebula on a May 11 in preparation for the marriage supper of the Lamb on a May 11/12, which has been a long-time hint from several dreams of Ernie Knoll.

So, the possibility for the rapture to be on May 4 was not unknown to us, but various factors urged us to believe that it must be sooner, not the least of which was the concern about affecting the year-3020 seal understanding. If the travel would start after the new year, then it would not be possible to count 1000 years for the millennium (not even inclusively), and as you can see from the Hebrew dates in the chart above, the scenario in question relies on a late moon sighting (in addition to already being the second possibility), and even then, it narrowly fits! It seems as if Jesus will rescue His people at the very last possible moment in every sense.

Studying the Bible together with the heavens and taking into account dreams is no easy work—and we will re-examine the interpretations of the recent dreams with you in order to discern what God really meant with them and how everything actually fits together.

Interestingly, May 4 is also when the 30-day grace period ends on [Russia's default](#) on foreign debt. If Russia is denied all participation in the world's financial operations, this could potentially qualify as an "existential threat" to Russia, which in their minds could justify the unrestrained use of nuclear weapons, because:

Just a few years ago, speaking in the propaganda documentary "World Order 2018" by journalist Vladimir Solovyov, based on the canons of Joseph Goebbels, Vladimir Putin talked about Russia's right to respond to a nuclear strike without feeling pity for the soon-to-be-annihilated world. **"As a citizen of Russia and the head of the Russian state," the president said, "I want to ask myself the question: 'Why do we need such a world if Russia is not in it?'"**

The day such loveless reasoning goes into force is a good day to be raptured to a better place.

So, with these thoughts and realizations, the Lord strengthened us that very evening. We could see that the “phone call” prayer of Brother John had been answered. May these words also serve to strengthen you, and we will continue to share insights that we have received about this new understanding and how the recent dreams have fulfilled.

Of special interest will also be a dream that Brother John received the night of the judgment scene of Zechariah 3, which is already in preparation. We look forward to sharing these things in the coming posts. May God be with you.
